<http://m.cens.com/s/sunheng>

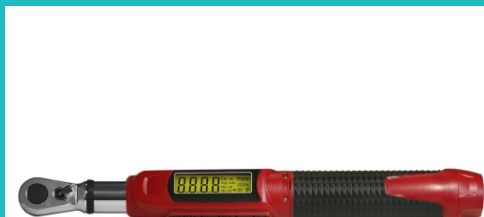

Set up in July 2010 with capitalization of about US\$338,400, we engage mainly in R&D, fabrication and marketing of electronic hand tools, consumer electronics, and mechatronics. Our founder, whose family has some 20 years' experience in exporting toolboxes, has comprehensive knowledge of R&D and know-how to turn out not only conventional but also high-tech products after 7 years in IC design and hand-tool fabrication.

Digital Torque Wrench
