Find easily suppliers of interest.
- Articles**  
Find here industry news, reports, and editorial articles.

## For details on suppliers & products

### Simply use hyperlink icons:

- Inquire Now**

Click **Inquire Now** to safely, quickly connect to online inquiry form for the advertiser/supplier.
- Webpage**

Click **Webpage** to connect to the introduction of the advertiser/supplier.

Some suppliers may have stopped advertising on CENS.com, but information in this E-magazine remains accurate as of its publish date.

# Guide to PDF Reader

## How to edit display settings

Select “View >> Page Display” to edit the way you like to read E-magazine.

## How to save a new copy of this E-magazine

Press “Shift + Ctrl + S” or select the “Save” option, and confirm your selection by choosing “Save a copy”.

## How to text search

Press “Ctrl + F” and enter keyword(s).  
If no match is found, broaden the category of keyword(s). This search function works on exact match of keyword(s).

## How to use zoom options and move around an enlarged page

Click either   icon to zoom in or out a page.

“Hand Tool” enables moving around an enlarged page for reading convenience.

ALUMINIUM China 2016 drew over 19,500 visitors during its three-day run (photo courtesy of the organizer).

# ALUMINIUM China 2016 Rounded Off With Promising Turnout

**Trade fair drew over 19,500 visitors worldwide to consolidate reputation as China's largest for aluminum industry**

By Steve Chuang

The largest trade fair for the aluminum-related industries in China by size, ALUMINIUM China brings together industry insiders and experts, state-of-the-art technologies and advanced applications every year to have served as a leading business platform of this kind in Asia.

In the 2016 edition, the trade fair attracted some 19,530 visitors and delegates from 75 countries and regions worldwide during its 3-day run, with more than 400 exhibitors present.

The quality of visitors remained great. Around

one third of the visitors in the 2016 edition were automotive manufacturers and one tenth from packaging and transport sectors. The show organizer, Reed Exhibitions, reports that more than 80% of the visitors play an important role in purchasing decisions.

ALUMINIUM China 2017 will take place from July 19 to 21 at Shanghai New Intl Expo Centre.

ALUMINIUM China 2017 will focus on the automotive light-weighting applications in particular, to help keep participants dated with various multi-material, multi-process and multi-technology solutions.

To better enhance exchanges between suppliers and buyers, the show will offer factory visits for international visitors to collect first-hand information on potential China suppliers as well as host a series of conferences and seminars that cater to

producers seeking breakthroughs in product range as well as technical advancements.

Staple guns

Apex is among the world's top designers and manufacturers of manual tackers, hammer tackers, office staplers and specialty fastening tools. We have grown steadily through our motto: "Loyalty, Integrity, Diligence and Thrifty." We are a team of honest and hard working people with just one very traditional value in mind: to make the best products for our customers. Established in 1966, we just celebrated our 46th birthday in 2012. Through these years, we have built an experienced team dedicated to the manual stapling industry. Time also allowed us to build a complete range of manual stapling products that few of our competitors can match.

Sticking to basics Most people are aware of Taiwan's ability to design, develop and produce exceptional quality products that fit specific market needs. In a global market where each and every advantage makes a difference, Homeease sticks to the basics. Good design. Good quality. And above all, customized services to match clients' expectations. For more than 30 years now, Homeease has been developing hot melt applicators and hot melt glue guns. Homeease Glue Guns can be divided into two mainstream segments; DIY(Handy Series) and professional(Heavy Series) use, a term mostly associated with frequent use for work-related applications. Products are 100% Taiwan-made By producing all of its products at its own facility in Southern Taiwan, Homeease is able to guarantee the overall quality, from design to the finish product. Each product is manufactured with the sole purpose of distinguishing itself from ...

APACH INDUSTRIAL CO., LTD.

# APACH INDUSTRIAL CO., LTD.

## Air Nailer, Stapler, Air Tools, Woodworking Small Machine, Apach, Staplers, Nailers, coil nailers, framing nailers, finish

Apache is an Indian tribe in North American , according to legend , Apache was a warrior , who was brave and invincible and has been symbolized by Indians as an image of bravery and victory. This tribe has also been known for being intrepid and valiant in the Indian history. Therefore, posterity use his name for the Indian tribes named "Apache". Inheriting this tribe's spirit, Apach has been constantly devoted to developing and making top-end tools since its inception. Therefore, Apach exquisitely designs each of its nailer guns, and insists on strict durability testing of every piece of key components and parts, as well as rigid pre-delivery inspections of finished products. Just like Apache Indians who are physically strong and capable, Apach's products are durable and can endure under harsh working environments, and therefore are highly recognized and sought after ...

## Solid Quality Opens the Door to Successful Businesses

*Specializing in door lever sets, pulls, mortise locks, accessories etc.*

Founded in 1987 as a specialized manufacturer of stainless steel products, including solid and hollow door lever sets and accessories, CHFA Corporation also accepts OEM orders, virtually all of which have been from overseas. Offering quality, competitively priced products delivered on-time, we have sound relationships with customers and expect to soon expand markets.

In-house quality control is key to our success, which is built on sending products to world-recognized labs for quality and durability tests. We also can do made-to-order testing. Our dedicated R&D team enables us to introduce new models quarterly, as well as design, fabricate and prototype to-order.

In addition to core items as hollow (#304) and solid (#316) stainless-steel levers for buildings, we also offer pulls, mortise locks etc. in various finishes.

Talk to us to see how we can build mutually profitable business.

# MASSOUD & BROS. CO., LTD.

## Wheels & Rollers, Locks, Cylinders & Accessories, Sliding Window & Door Hardware

Massoud & Bros. Co., Ltd. (MBC) was founded in 1976 by Antone I. Massoud. The construction boom in the Middle East during the mid-seventies created a ripe opportunity for MBC, as its business scope expanded from exporting Sundries and Building Materials to manufacturing a small range of Door and Window Hardware. In the early 80's, MBC shifted its business scope further, focusing on the development of a wider line of door and window hardware parts and accessories. Also, to maintain a competent business while retaining proper control over the quality and production costs of such a sophisticated operation, MBC formulated strong ties with a number of qualified contract manufacturers. MBC has created a very unique, integra ...

NAL HON INDUSTRIAL CO., LTD. was founded in 1981 started with the production of Cargo Control Hardware and related Forged Products. For more the 20 years growth and development, we are now one of professional manufacturers of Cargo Control Hardware, Auto Repair tools, Forged Products, Snap Hooks and some OEM Items. For years, we do insist to produce the products with quality control and do our best to satisfy the demands of our customers. All of our products are made in Taiwan. And we purchase the steels directly from Taiwan China Steel to ensure the standard of raw materials. Most of our products are heat treated for the stability and equipped with the modern testing machines to finally safeguard the quality. If you are looking for quality products with competitive price. Nal Hon will be your best choice. We are capable of developing new designs and welcome OEM products. ...
