*Our founder Mr. C.N. Gao, a veteran with over 10 years' experience, established Yuan Hsing Industrial Corp. in 1998. As a subcontractor, we produce mainly precision, CNC-lathed gears, mechanical parts and accessories. After years of continual upgrading of processing technologies and equipment, we now offer multi-spindle heads, universal joints, as well as precision.*

Multi-spindle Head / Multi-spindle Drilling Head

Remote-control Toy Airplanes / Boats / Cars
