

K.S.F. DIAMOND CORE DRILL

DF-1000C Model :
K.S.F.

DF-2400C Model :
K.S.F.

	DF-900C	DF-1000C	DF-1200C	DF-1600C	DF-2400C
Voltage:	220V	220V	220V	220V	220V
Current:	15A	15A	15A	15A	15A
Demand:	3300W	3300W	3300W	3300W	3300W
Idling speed:	600/1200rpm	500/1000rpm	450/900rpm	260/600rpm	150/300rpm
Drilling range:	25-203mm	25-254mm	25-305mm	25-406mm	25-610mm
Effective stroke:	520mm	520mm	620mm	620mm	620mm
Machine height Spidle:	750mm	750mm	960mm	960mm	960mm
Dimension:	49*31*83 cm	49*31*83 cm	53*31*108 cm	53*31*108 cm	46*26*50 cm 111*31*15 cm
Gross weight:	27 kg	27 kg	35 kg	36 kg	22 kg · 18kg
	1¼UNC Male shaft	1¼UNC Male shaft	1¼UNC Male shaft	1¼UNC Male shaft	1¼UNC Male shaft

1. Powerful motor, big gear case with big gear system, for professional drilling using.
2. **Motor overload circuit protector.**
3. **Patented LED electric current indicator:** Keep in yellow light during operation to protect the motor and improve drilling efficiency.
4. **Clutch system:** Built in adjustable clutch system to protect the mechanism while the core bits get stuck. Adjust from outside gear case.
5. **Feeding handle insulation** to prevent electric shock from drilling the electric cable or power source.
6. **Drilling angle can be adjust up to 45.**
7. Two-Speed function.
8. High-quality, robust aluminium construction.
9. Compact design, easy to transport.
