

HPMJ CO., LTD.

HPMJ Launches Smart Display Jump Starter for Heavy Vehicles

■ Kuo Fang-Lin

HPMJ has recently launched the V4-20AH Jump Starter, a 12/24V Booster. This innovative product features newly developed voltmeters that display numbers on the screen, allowing users to easily recognize the required output power.

The V4-20AH Jump Starter uses 20AH high-efficiency batteries. To extend battery life, the 24V charging system is adapted to 12V charging, employing two batteries

simultaneously to balance the charging process. This ensures a stable output current, doubles the 12V output power, and extends battery life. The V4 batteries, equipped with display lamps and an automatic power-off device, can be fully charged when not in use and prevent overcharging and overheating. These are low self-discharging batteries with long standby times, capable of starting a vehicle even after a month of inactivity.

The V4-20AH Jump Starter's current output uses a self-developed MPP high-current overcurrent connector (patented in Taiwan), achieving a power overflow rate of up to 90% when starting a vehicle. Additionally, when the connector is not plugged into any socket, the clip has no power output, ensuring safe placement. This

product is suitable for tour buses, container trucks, excavators, semi-trailer trucks, military tanks, heavy-duty construction vehicles, and large agricultural machinery.

HPMJ develops a range of battery-related products, including jump starters, emergency power packs, super-mini boosters, solar batteries, emergency starters, emergency power supplies, and battery boosters. These products address power shortage issues, providing emergency lighting, USB charging, power supply, and roadside assistance. With 94 patent certificates, HPMJ welcomes OBM and ODM partnerships for overseas exports.

A-KRAFT TOOLS MANUFACTURING CO., LTD.

A-KRAFT Tools: A Trusted Leader in Quality and Innovation Since 1988

■ Alex Lee

A-KRAFT Tools was established in 1988, Taichung, Taiwan, and obtained ISO 9001:2015 certification as a quality-oriented company. As a professional and trustworthy partner in tool world, A-KRAFT backs up their clients with a strong in-house R&D team, enabling the company to launch new products at least twice each year.

The company employs a strict quality control system, ensuring precision and consistency in their product design. A-KRAFT has also invested in a forward-thinking marketing and sales team, providing clients top-tier quality service that exceeds expectations all-around.

A-KRAFT supports their clients up with a wide product range as a show of their competitiveness in the market and understanding of global client demand trends, offering primarily 1/4", 3/8", 1/2", 3/4" and 1" DR, sockets, screwdriver sockets, ratchet handle, accessories, various types of wrenches, the kinds that are used for repairing and maintenance of cars, trucks and other similar sized machines. Moreover, all of A-KRAFT products meet DIN and ANSI standards. Other products include hand tools, screwdrivers, pliers, bits, and tool cabinets, as well as specializing in combination sets of these tools for homeowners or professional technicians and mechanics.

A-KRAFT employs a strict quality control system, ensuring precision and consistency in their product design. (Photo provided by A-KRAFT)

Since its establishment in 1985, Tai Cheer Industrial Co. LTD. has been a dedicated supplier of a diverse range of steel ball slide rails. These precision-crafted rails find applications in furniture, kitchen furniture, tool carts, white goods, vehicle seats, ATMs, medical instruments, and various other

sectors. Widely employed in drawer stretching, these slide rails are primarily manufactured through OEM and ODM processes, tailored to meet specific and customized requirements.

Tai Cheer offers a diverse range of steel ball slide rails, spanning light-, medium-, and heavy-duty models. Notably, the heavy-duty variants boast

TAI CHEER INDUSTRIAL CO., LTD.

Tai Cheer's High-Quality Steel Ball Slide Rails Earn International Acclaim

■ Kuo Fang-Lin

an impressive maximum load capacity exceeding 500 lbs. These slide rails come equipped with various functions, categorized into soft-closing, lock-in & out, and self-closing features. Further classifications include two-stage and three-stage slides, full extension, 3/4 extension, and double slide methods.

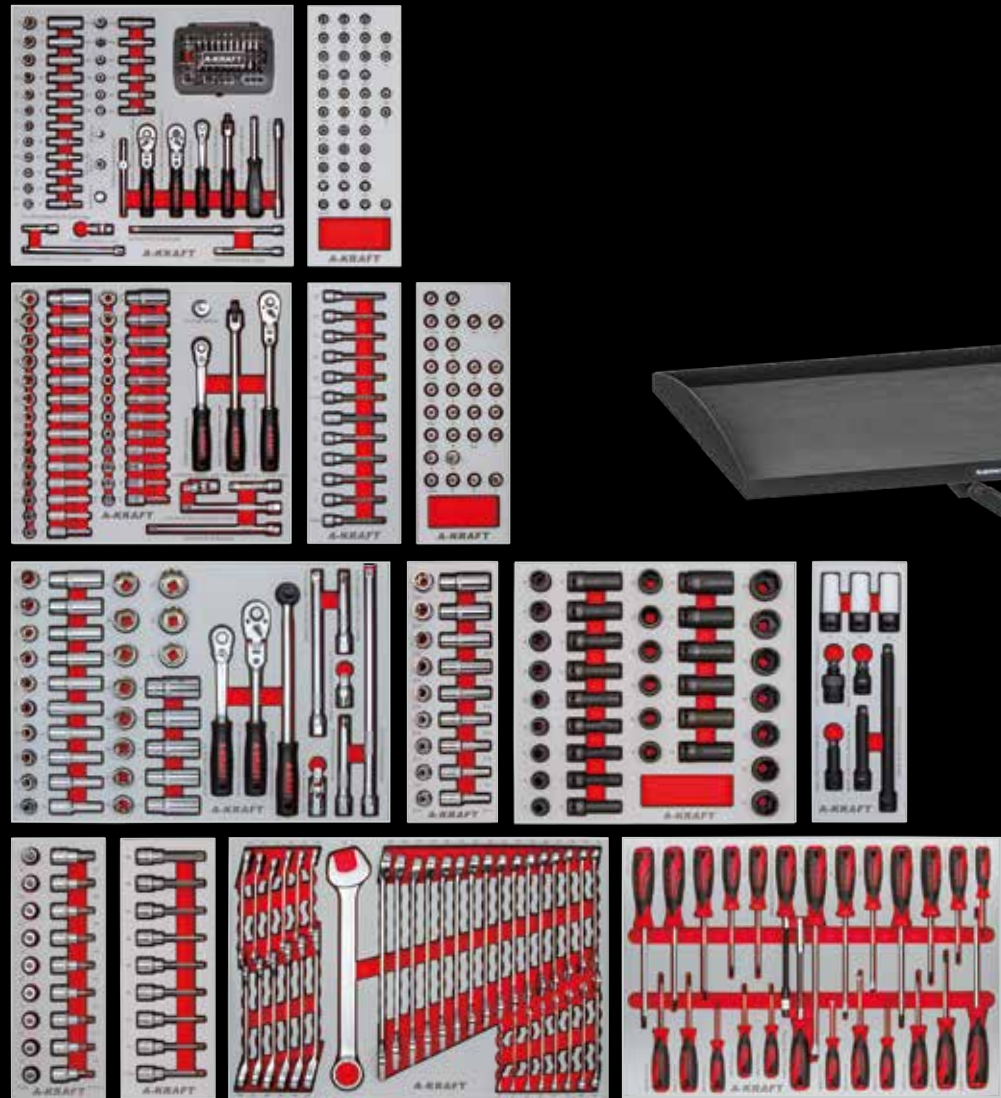

Tai Cheer's products are widely employed in drawer stretching, these slide rails are primarily manufactured through OEM and ODM processes, tailored to meet specific and customized requirements. (Photo provided by Tai Cheer)

A-KRAFT MODULAR TOOL ASSORTMENTS

Provides four sizes / contents for option.
The sizes / contents can be tailored and specifically produced by request.

- One drawer can be fitted into four single pieces of foams.
- Single, double, triple and fourfold types of foam could be arranged based on demands.
- Four sizes of foams give various combinations to be available for a wide range of tool trolleys and chests.
- The foam tray is durable and holds each tool properly tight, ensuring excellent tool organization and neat arrangement.

TAIWAN WINCH INDUSTRIAL CO., LTD.

Procure Quality and Efficient Electric Hoists from Taiwan Winch

■ Ralph Yang

Taiwan Winch Industrial Co., Ltd. is a renowned manufacturer specializing in a range of electric hoists, including AC winches, compact winches (170kg~500kg), electric chain hoist (250kg~2000kg), and electric wire rope winches with lifting capacities ranging from (200kg to 5000kg).

Leveraging outstanding R&D capabilities and extensive industry experience, the company has crafted a comprehensive selection of electric hoists suitable for applications in construction, households, brick-and-mortar stores, and

factories. Taiwan Winch maintains a strong commitment to delivering the best electric hoists to its customers, ensuring a consistently high level of quality and performance for each product in their lineup.

Taiwan Winch's electric hoists have gained widespread recognition and customer acclaim both domestically and internationally. The excellence of Taiwan Winch's products can be attributed to their unwavering commitment to technological research and development. The R&D department, with a keen focus on market trends, not

only introduces new electric hoists but also strives to elevate the performance levels of existing product lines. The overarching objective is to continually enhance each electric hoist from Taiwan Winch, ensuring the best possible performance and efficiency for their customers.

Maintaining a commitment to quality has been a longstanding tradition at Taiwan Winch since its establishment. The company upholds this commitment by implementing a total quality control system, meticulously overseeing quality at every stage of the hoist manufacturing process.

Stringent and comprehensive quality inspections are conducted before shipment, ensuring that each product from Taiwan Winch consistently upholds high standards of quality and maximum dependability.

Economic Daily News Powers Global Connections at APS and NHS 2025

The Asia-Pacific Sourcing (APS) in Cologne and the National Hardware Show (NHS) in Las Vegas, two premier events in the hardware industry, are set to showcase leading suppliers from around the globe in 2025. As key platforms for innovation and networking, these exhibitions are expected to draw extensive participation from top-tier manufacturers and buyers. Economic Daily News (CENS) will once again be at the forefront, attending both events to ensure seamless information exchange across the industry.

The biennial APS, scheduled for March 11-13, 2025, will take place at the Koelnmesse Fairgrounds in Köln-Deutz. Recognized as Europe's largest sourcing platform outside Asia, APS serves as a vital meeting point for connecting Asian suppliers with the growing demands of European and North American markets. This event highlights a diverse range of product segments including tools, building and DIY supplies/DIY, barbecues, camping, garden equipment and lifestyle in the garden, and industry services.

Following APS, the National Hardware Show (NHS) will be held from March 18-20, 2025, continuing its legacy as a cornerstone of the home improvement market. Since its inception in New York during the post-World War II housing boom, NHS has evolved through the decades, now firmly established in Las Vegas. The 2025 edition will spotlight an expansive array of product categories, including building materials, electrical equipment, farm supplies, tools, homewares, lawn and garden items, BBQ & grill products, storage solutions, PPE, and even sporting goods and specialty items.

As a long-standing exhibitor at both events, Economic Daily News/CENS offers unique business matchmaking services, enabling buyers to connect with premium Taiwanese suppliers who may not be attending in person. Through simple information-sharing with CENS, buyers can discover high-quality sourcing opportunities, bridging gaps and fostering collaboration.

CENS will also feature its industry-focused publications, including "Taiwan Hand Tools" and "Taiwan Industrial Suppliers (TIS)", specially curated to provide buyers with a comprehensive view of the latest offerings from Taiwan's hardware sector.

A Dependable Brand Name in High Quality

Electric Hoist

Taiwan Winch Industrial Co., Ltd. is a highly reputed manufacturer of various electric hoist. Based on our outstanding R&D capability and extensive experience, we have designed and manufactured the most comprehensive electric hoists for application in construction, household, store and factory, etc.

At Taiwan Winch, we have a strong commitment to provide the best possible electric hoists for our customers. To this end, we will constantly strive hard for pursuing a higher level of quality and performance for each electric hoist.

LENCO ENTERPRISES CO., LTD.

Find Top-Grade Powder Metallurgy Products at Lenco

Lo Shu-Hua

Established in 1975, Lenco Enterprises Co., Ltd. is a specialized manufacturer located in Miaoli, Taiwan. With a 5,800 sqm factory and a workforce of 50, Lenco produces high-quality powder metallurgy products.

Drawing upon their approximately 40 years of metallurgical expertise, Lenco has become a trusted name in the manufacturing of P/M products. In addition, the company is a leading exporter of cost-effective precision parts. The company offers an extensive range of powder metallurgy components and operates its own production line while also serving as an OEM/ODM manufacturing partner.

With a highly experienced team, well-versed

in metallurgy product development, manufacturing, quality assurance, and marketing, Lenco is committed to delivering precision and innovative products and services. This dedication to excellence has enabled them to maintain competitive pricing in the market.

Lenco further extends its support through the Research and Development Division, which collaborates with clients to create new products tailored to their specific needs. Customers also benefit from the opportunity to be part of "first-run" products, while Lenco assists in reducing research and development costs. The company places a strong emphasis on short product development lead times, adhering to ISO 9001 and ISO 14001 standards.

Lenco offers an extensive range of powder metallurgy components and operates its own production line while also serving as an OEM/ODM manufacturing partner. (Photo provided by Lenco)

KINGBOLT METAL CO., LTD.

Kingbolt Metal Looks After Clients with Quality Hardware

Chang Shi-Hua

Established in 1975, Kingbolt Metal Co., Ltd. stands as a seasoned manufacturer of diverse hardware products, delivering top-notch quality and services to its clients. Specializing in stamping and pressed works for steel, stainless steel, and brass, Kingbolt has expanded its offerings to include stamping products, cabinet hardware fittings, mini latches, auto-latch, welded metal/brass parts, hinges, steel tube hinges, various stainless steel items, etc.

Kingbolt offers a wide range of products, such as steel/stainless stamping/pressing assembling products, fasteners, wire hooks, and hardware. (Photo provided by Kingbolt Metal)

Designed for personal use and as a gift for hotel travelers, the company introduces its latest product, the Beauty Mirror (Triple Mirror) 3". With one flat side and the other showcasing a three-times enlarged imaging mirror, it is available in steel, chrome plated, or stainless steel.

Beyond manufacturing and designing its products, Kingbolt collaborates closely with associated manufacturers, ensuring the integration of quality parts into their main products while meeting industry standards.

JOUNING BLOWER CO., LTD.

Various Fan Maker Jouning Blower Targets Diverse Overseas Industries

■ Liu Hsiu-Chuan

Founded in 1968, Jouning Blower Co., Ltd. specializes in blades, fan wheels, and industrial fan production. Known for its high-quality offerings, the brand enjoys recognition domestically and globally, particularly in Japan, Southeast Asia, the Middle East, and Australia.

Notably, Jouning Blower remains committed to developing new turbo fans and jet flow air movers with anti-explosion features. With exceptional designs and a collaborative approach to clients, the company is well-equipped to offer excellent services.

Also, Jouning Blower has innovatively crafted

large-sized Axial Flow Fans, ideal for diverse environments like mines, ship cabins, textile factories, underground tunnels, and hotel kitchens. Moreover, these fans boast high airflow, easy installation, and adjustable blades for customized settings. Utilizing top-grade aluminum alloy material for die casting, Jouning Blower ensures enhanced structural durability, smoother surfaces, and reduced noise levels, setting their products apart in terms of quality and performance.

CHYN FUH ENTERPRISE CO., LTD.

ISO-9001 Certified Chyn Fuh Excels in Crafting Top-Quality Office Furniture

■ Huang Chi-Ming

Established in 1993, Chyn Fuh Enterprise Co., Ltd. specializes in the design, development, and manufacturing of new products for assembled office furniture.

The company's growth has been rapid, driven by its commitment to excellent quality, ongoing research for new products, and the creation of

finely crafted, in-house products. These products are marketed worldwide under the trademark "RAINBOW."

To stay competitive in the global market, Chyn Fuh holds ISO-9001 certification and actively undergoes other environmental regulations and international factory inspections as well as constantly engaging in R&D.

This year's new product is a response to the Work From Home (WFH) needs emerging from the pandemic. It subtly combines the functions of an OA detachable cabinet, aligning with the usage habits of indoor furniture.

Welcome to enjoy early access to our latest designed collections with storage series for office and home furniture. (Photo provided by Chyn Fuh)

HANS TOOL INDUSTRIAL CO., LTD.

New 61-Piece Set Takes Tire Service to Next Level

Shen Chia-Yi

Introducing the Hans Tools 9903TC-61, a versatile 61-piece tool set designed specifically for tire changers, including popular brands like Corgi and Hunter. This comprehensive tool chest is ideal for engineers and technicians performing daily maintenance tasks, combining functionality with portability.

Key Features:

- The 9903TC-61 tool chest is packed with innovative features that enhance usability and safety:
- Patented Adjustable Storage:** The top lid features a unique divider design, allowing users to customize their storage spaces according to their needs.

- Durable Finish:** A powder coating ensures long-lasting protection against wear and tear, making it suitable for heavy use.
- Safety Mechanisms:** The lid stay prevents accidental closure, while hemmed edges improve strength and safety during operation.
- Effortless Access:** Quick-release drawers with a detent design and 100% open ball bearing slides provide smooth and easy access to tools.
- Portability and Security:** Heavy-duty side handles facilitate transport, while a central locking system ensures extra security for your valuable tools.

Comprehensive Tool Selection:

The set includes essential tools such as wrenches, torque wrenches, HEX-key wrenches, pliers, and various sockets. This diverse range equips engineers to handle most maintenance tasks efficiently without excessive weight.

Engineered for Professionals:

The Hans Tools 9903TC-61 is tailored for tire changer maintenance, offering a compact design that does not compromise on functionality. With its user-friendly features and robust construction, this tool set is an excellent choice for professionals seeking reliability and efficiency in their daily work.

CHEN HOUSEHOLD HARDWARE SUPPLY CO., LTD.

CHH: Over Two Decades of Excellence in Home Essentials

Shen Chia-Yi

Since 1996, CHH has been the secret ingredient to many happy homes. We're a Taiwanese manufacturer of household hardware and plumbing products from the heart of Chang Hua. We started our journey by partnering with Taiwanese trading companies, but as our reputation grew, we decided to take the plunge and export directly. Fast forward to today, we're now proudly exporting our products directly to US importers and distributors. That means you get all the benefits of our 20+ years of experience without any jet lag.

What kind of household hardware & plumbing supplies are we talking about? Think of everything that keeps your home running smoothly: tank levers, pop-ups, handles, repair clamps, flanges, door guards, door pulls, window clips, and window locking handles – you name it, we've got it covered!

But wait, there's more! We're ISO 9001 certified and have passed the SER/CTPAT audits requested by industry giants like THD and Wal-Mart. We also understand that time is money. That's why we offer vendor-stocked inventory for high-

volume SKUs. No more waiting around for parts, we'll get them to you lightning fast, so your projects stay on track.

Last but not least, our experienced engineering team is ready to collaborate in specializing OEM parts and offer valuable insights, ultimately bringing your project to life.

Ready to get started? Head over to our website at www.chh.supply or contact us directly at 886-4-7569959. We're always happy to chat and explore solutions!

Tainan to Host Global Fastener Showcase Highlighting Sustainability and Precision Engineering

Jeff Liang

The Tainan Fastener International Industry Show 2025, scheduled for August 14–17 at ICC Tainan, promises to be a pivotal event for the fastener industry, spotlighting Taiwan's expertise as a global leader. Organized across six major themes—Fasteners, Mechanical Equipment, Raw Materials, ESG & Sustainability, Molds, and Hand Tools—the exhibition will unveil cutting-edge advancements in high-value, low-carbon, and precision manufacturing. This comprehensive showcase not only reflects the transformation of Taiwan's traditional industries but also aligns with the rapid pace of global innovation and market demands.

Taiwan, the world's third-largest fastener exporter, recorded an impressive export value of \$4.77 billion USD in 2023. Southern Taiwan, home to 1,500 fastener manufacturers and over 30,000 industry professionals, serves as the heart of this thriving sector. Tainan, Gangshan,

and Lujhu in Kaohsiung collectively drive production strength that continues to elevate Taiwan's global standing.

In recent years, the industry has made significant strides in developing high-value fastener products, targeting advanced applications in electric vehicles, aerospace, semiconductors, and medical technology. By embracing cutting-edge manufacturing techniques and a well-established supply chain, Taiwanese manufacturers have maintained a competitive edge against global counterparts offering lower-cost solutions.

The Tainan Fastener International Industry Show 2025 will gather top manufacturers under one roof, providing a dynamic platform to explore innovations, expand business networks, and discover new opportunities. For further details, visit the official website: <http://www.tainanfastener.com/en/index.html>.

SHUENN CHANG FA ENTERPRISE CO., LTD.

SCF’s Eco-Friendly Screws: A Solution for a Greener Tomorrow

■ Huang Chi-Ming

Shuenn Chang Fa Enterprise Co., Ltd. (SCF) is renowned as a high-quality long-length screw manufacturer and has been actively involved in addressing a critical issue: Climate Change. Since 2015, SCF has supported customers in participating in the Carbon Disclosure Project focused on Climate Change. In 2022, SCF initiated Carbon Footprint Verification and achieved ISO 14064-1 certification by year-end of 2023.

Over the past four years (2019-2023), SCF has consistently worked towards enhancing energy efficiency and reducing electricity consumption. This involved improvements to the air compressors throughout the entire plant, the installation of frequency conversion upgrades, and the replacement of traditional lighting

with energy-saving LED fixtures. These efforts have resulted in significant savings of 226,379 KW, equivalent to approximately 113.6 tCO2e in reduced emissions.

With a 40-year history, SCF maintains a focus on producing customized design screws, specialized long screws, and automotive screws. The majority are manufactured in-house and undergo rigorous inspection at each production stage. SCF has earned certifications including IATF 16949, ISO 14001, and ISO/IEC 17025, attesting to its commitment to quality and environmental standards.

SCF offers a comprehensive range of customized screws from 10mm to 1000mm and provides customers with a one-stop solution to meet diverse needs.

SCF's factory is now equipped with fully installed solar panels, capable of generating 1,500,000 kWh of electricity annually, equivalent to reducing carbon emissions by 750 metric tons of CO2e each year. (Photo provided by SCF)

CHIA CHENG WORLD INDUSTRIAL CO., LTD.

Quality hardware OEM manufacturer Chia Cheng seeks biz partners

■ Lo Shu-Hua

Chia Cheng World Industrial Co., Ltd was established in 1965 and specialized in the manufacture and export of washroom accessories, bathroom accessories, and toilet partitions hardware as an OEM supplier. Chia Cheng professionally provides pre-production confirmation samples for OEM orders, and cooperates with product development and design, all the while maintaining high-quality results. In other services, Chia Cheng offers procurement of bathroom-related products in Taiwan and the Greater China area for clients. The company offers metal processing and producing specialized metal parts and components, and services ranging from laser cutting, stamping, folding, tooling design/manufacture, zinc die-casting, alum extrusion, S/S investment casting, polishing, chrome plating, galvanized line, powder coating, and assembly.

With over 50 years of specialized experience in designing and processing, Chia Cheng is trusted by its customers in quality-focused markets in France, the UK, Germany, Canada, Australia, and the USA as an excellent exporting firm. The company's main office and manufacturing facility are located in Yangmei District, Taoyuan City, Taiwan. In 2000, the company built another factory in Qingdao, China for manufacturing zinc and 304 stainless steel investment as well as plating. Chia Cheng is devoted to environmental protection demands of energy saving, carbon reduction, and has successively obtained ISO9001, and ISO14001 for product quality and certification in 2018 and installed solar panels in the plant to create a friendly business environment through

NAN SHUN SPRING CO., LTD.

One-Stop Expert Nan Shun Spring Produces Precision Springs and Industrial Parts

■ Liu Shiu-Hua

Established in 1987, Nan Shun Spring Co., Ltd. specializes in manufacturing precision springs, iron wire products, metal parts, fittings, and more. The company has developed a reputation as a professional manufacturer with strong research and design capabilities in the field of precision springs and related industrial parts.

Initially focusing on springs and wire forms on an OEM basis, Nan Shun Spring diversified its operations after accumulating years of experience. The company expanded its capabilities to include stamping, die-casting,

punching, and lathing, enhancing its expertise in working with various metals and metalworking methodologies.

At present, Nan Shun Spring's diverse product lines encompass springs, wire forming, flats, clips, clothes hangers, hooks, rings, clamps, metal hardware parts, CNC processing products, spring leaves/sheets, stainless steel hardware, pins, wire form bending shapes, and more. Leveraging its OEM experience, the company readily accepts customers' design blueprints and 3D design blueprints (auto cad or pro/e 3D files).

Choosing EAGLINE means more than acquiring a tool; it is an investment in a partnership dedicated to excellence and precision. (Photo provided by EAGLINE)

PRECASTER ENTERPRISES CO., LTD.

Precision Perfected by EAGLINE Since 1977

■ Liu Shiu-Hua

Since its establishment in 1977, EAGLINE has set the benchmark for measuring and surveying technologies, fostering lasting relationships with customers through trust and unwavering precision. With a mission to make every measurement meaningful, EAGLINE has become synonymous with accuracy and reliability across industries.

As a proud member of the STAFDA, EAGLINE adheres to the highest industry standards. Its global reputation is built on a legacy of precision and user-centric design, with a particularly strong presence in the U.S. market.

EAGLINE understands the dedication that professionals bring to their projects and is committed to delivering tools that embody accuracy and dependability.

Choosing EAGLINE means more than acquiring a tool; it is an investment in a partnership dedicated to excellence and precision.

The company's range of distance measurers underscores its commitment to innovation. The EGL series now offers options spanning from 165 feet (EGL165) to 330 feet (EGL330), catering to diverse professional needs. Available in both regular and premium models, many feature integrated Bluetooth functionality for enhanced connectivity. The flagship EGL195C model combines an angle finder with a distance measurer, offering a vivid color display for intuitive access to all functions, making it an indispensable tool for professionals seeking precision and efficiency.
